RE: Statistics and Progress – Quarterly Report

I am submitting for your information the quarterly statistics of our activity.

As shown in the Comparative Jury Trial Statistics the number of jury trials held during the first quarter of 2007 was 35 compared with 27 in 2006 and 22 in 2005. The judges have indicated this increase will continue. An increase in trials will mean an increase in jurors summoned and used leading to increases in expenses.

During non-jury weeks we continue to make the jury assembly room available to other departments for large meetings.

Re: Monthly Caseload - MONTH ENDING February 28, 2007

Dear Committee Members:

Pursuant to statute, I am forwarding this report to your attention and I am causing a copy to be filed with the Circuit Clerk's office of McLean County.

During the above-mentioned time period, in the discharge of our duties to indigent persons in McLean County we have been assigned the following new cases in the area set forth. The activities in which we are involved differ in no substantial manner from those which have earlier been reported.

CASE TYPES	MONTHLY TOTALS 2006	MONTHLY TOTALS 2007	YTD TOTALS 2006	YTD TOTALS 2007	% CHANGE YTD
FELONIES	99	61	195	178	<9%>

RE: Juvenile Detention Bed Space Master Contract – Ford County

I have attached a master contract for lease of space in the McLean County Detention Center, for Ford County. This contract guarantees each county bed space at the McLean County Juvenile Detention Center at the rate of \$80.00 per day. The master contract replaces the contract for lease of space that has previously been entered into with each county. This contract is identical to the ones approved for Livingston, Logan and Woodford Counties.

This contract has been reviewed and approved by the McLean County States Attorney's office.

I will be available at the upcoming Justice meeting to answer any questions you may have regarding this issue.

**MASTER CONTRACT FOR LEASE OF SPACE IN THE
McLEAN COUNTY JUVENILE DETENTION CENTER**

I. PURPOSE

WHEREAS, under Article VII, Section 10, of the 1970 Illinois Constitution, units of local government may contract among themselves to obtain or share services and to exercise, combine or transfer any power or function in any manner not prohibited by law or ordinance; and

WHEREAS, the County of McLean is a local government exercising power under the Illinois Counties Code (55 ILCS 5/1-100, et.seq.); and

WHEREAS, the County of Ford is a unit of local government exercising power under the Illinois Counties Code (55 ILCS 5/1-1001, et.seq.); and

WHEREAS, the McLean County Board and the Ford County Board have by appropriate action, authorized this Agreement;

WHEREAS, The McLean County Juvenile Detention Center (Center) is a short-term detention facility. The Center has bed space available in excess of its current needs. Illinois Counties are perceived to have a need for such space and are currently utilizing such space on a per diem/as available basis. The purpose of this contract is to provide a specified amount of guaranteed minimum detention days from McLean County to Ford County.

II. PARTIES

McLean County is the receiving County. Ford County is the transmitting County.

III. TERMS

The transmitting County agrees to pay \$80 per detention day for detention days purchased under this agreement. If the transmitting County has no detention days left purchased under this agreement it shall pay the then going rate for detention days at the McLean County Juvenile Detention Facility. Transmitting County shall not be liable/pay for unused detention days.

Under this master agreement the transmitting County may purchase, by purchase order, any number of detention days it deems appropriate. Any part of a day shall be considered a detention day except those detainees housed more than 24 hours shall be billed for the first day of detention but not billed for the last day of detention. The Transmitting County may make multiple purchases of blocks of detention days under this agreement subject to available space.

The McLean County Board hereby delegates to the Director of the McLean County Juvenile Detention Center the authority to approve purchases of detention days by the Transmitting County. The Director of the Juvenile Detention Center shall consider the current population of the Detention Center, the number of detention days held and used by the transmitting County, the total number of detention days contracted for by all counties for space in the Juvenile Detention Center, the need for certainty in population management, current staffing levels and appropriate population numbers for the safety of juveniles detained in the Juvenile Detention Center

The transmitting County agrees to make payment promptly upon being billed.

The receiving County shall not be obligated to accept a detainee if doing so would result in overcrowding of the Juvenile Detention Center or would impair the safety of the staff or residents of the McLean County Juvenile Detention Center..

IV. BILLING

The receiving County will bill for services rendered under this Agreement on a monthly basis. Payment from the transmitting County will be due within 30 days of receipt of the bill.

V. DETAINEES

Only offenders under seventeen (17) years of age, adjudicated delinquent in accordance with the provisions of the Illinois Compiled Statutes, Chapter 705, Section 405/5-3, or charged with, or under warrants, for a criminal offense as defined by a penal statute of the State of Illinois, or found guilty of direct or indirect criminal contempt may be transmitted. No minor subject to the provisions of Chapter 705, Articles II, III, or IV will be detained. Status offenders will not be accepted under any circumstances.

VI. NOTIFICATION

The receiving County must be notified prior to transportation of a detainee to the Center. The transmitting County will notify the Center of the transmitting County's intent to recommend detention.

If the transmitting County's Juvenile Court Services Department calls to request that the Center hold a juvenile prior to a Court hearing, authorization for this can be made over the telephone; however, at minimum, a description of the offense or an offense report sheet must accompany the detainee to the Center.

When a juvenile is taken into custody prior to an initial Court hearing, the transmitting County will supply the receiving County with a signed authorization form following the initial Court hearing and a Court order for detention.

If the transmitting County requests that the juvenile be detained in the Center immediately after a Court hearing, the Court Order will accompany the detainee to the Center, along with any information available regarding the detainee's social history, psychological/psychiatric evaluations, medical history, or any other information which will assist in supervising the detainee, or providing for special medical needs.

VII. TRANSPORTATION

The transmitting County is responsible for all transportation of the detainee to and from the Center.

VIII. MEDICAL AND MENTAL HEALTH CARE

The transmitting County is responsible for medical and mental health expenses incurred by detainees from the County while the detainees are being held in the Center.

The receiving County will have a medical examination performed and will bill the transmitting County \$20.00 per examination. There shall be no charge for in-house mental health programs.

If the detainee requires medication, it will be supplied by the receiving County and the transmitting County will be billed at the receiving County's cost, unless the medication is supplied by the detainee's family or physician.

Consent to medical treatment signed by the parents or guardian will be required for admission of Court-ordered detainees. Parent consent forms will be provided within 36 hours on all detainees.

In the case of a medical or mental health emergency, the receiving County will deliver the detainee to a hospital. If the detainee is admitted to the hospital, this will constitute an automatic release from the Center, as receiving County has no facilities for guarding detainees for extended periods outside of the Center. The receiving County shall immediately notify the transmitting County of the medical situation. The transmitting County shall be responsible for notifying the parents or guardian of the detainee. The transmitting County shall be responsible for the cost of the detainee's medical treatment and/or hospitalization. The receiving County will provide security at the hospital for a maximum of six (6) hours from the time that the transmitting County is notified of the detainee's admission to the hospital. After the six (6) hours, security shall be provided by the transmitting County.

IX. LIABILITY

The transmitting County agrees to save and hold harmless from any and all liability, claims, losses, damages, cost, expenses, or attorney fees (with the exceptions of any liability imposed for willful and wanton acts or negligence on the part of the receiving County) arising out of or in any way connected with the performance of contractual duties under this Agreement.

The receiving County agrees to indemnify the transmitting County for and against any liability resulting from negligent, willful or wanton acts or omissions of the receiving County in providing services set forth in this Agreement. The transmitting County shall waive any claims of damages or injury which it may have a right to assert against the receiving County which arises from the management, operation or maintenance of the McLean County Juvenile Detention Center as established by this Agreement, except claims for damage or injury resulting from willful or wanton conduct of an employee of the receiving County. Nothing in this Agreement is intended to modify or waive the protection of the Local Governmental and Governmental Employees Tort Immunity Act (745 ILCS 10/1-101, et. seq.).

X. SEVERABILITY

In the event any provision of this Agreement is held by any Court to be unconstitutional or in excess of the powers guaranteed by law to the parties to this Agreement, such ruling or rulings shall not void this Agreement. It shall instead be deemed to have severed such provisions from the remainder of this Agreement.

XI. SUPERSEDES OTHER AGREEMENTS

It is understood and agreed that the entire Agreement of the parties is contained herein and that this Agreement supersedes all oral agreements and negotiations between the parties relating to the subject matter hereof as well as any previous agreements presently in effect between the parties relating to the subject matter hereof.

XII. ABIDE BY LAWS

In providing all services pursuant to this Agreement, the receiving County shall abide by all laws and statutes, state and federal, ordinances, rules and regulations pertaining to, or regulating the provisions of such services, including those in effect and hereafter adopted. Any violation of said laws, statutes, ordinances, rules and regulations shall constitute a material breach of the Agreement, and shall entitle the transmitting County to terminate this Agreement immediately upon written notice of termination to the receiving County.

XIII. AMENDMENT OF AGREEMENT

Any amendments or alterations of this Agreement must be made in writing and signed by both parties.

XIV. NOTICES

In the event that written notice must be sent pursuant to the provisions of this contract, such written notice shall be sent to:

Roxanne Castleman
Director of Court Services
104 West Front Street, Box 2400
Bloomington, Illinois 61704-2400

Cassy Morris
Director/Chief Probation Officer
Ford County Courthouse
200 W. State St.
Paxton, Illinois 60957

XV. TERMINATION OF AGREEMENT

Any of the parties to this Agreement may withdraw from this Agreement after such party has given sixty (60) days' written notice of such intention to withdraw to the other party of this Agreement before such withdrawal becomes effective.

XVI. INTERPRETATION OF THIS AGREEMENT

This contract shall be governed by and interpreted in accordance with the laws of the State of Illinois. All relevant provisions of the laws of the State of Illinois applicable hereto and required to be reflected and set forth herein are incorporated herein by reference.

XVII. CONTRACT PERIOD AND RENEWAL

This Master Agreement shall be in effect when signed by the respective County Board Chairmen and shall be terminated as provided above.

McLean County Emergency Management Agency

MISSION STATEMENT:

The mission of the McLean County Emergency Management Agency is to serve the citizens of the County through effective planning for natural and man-made disasters. Our goal is to save lives and to protect property through coordination of an integrated emergency management system with all emergency response organizations, support services and volunteers. We will be an advocate for greater community efforts, including educating the general public to mitigate and prepare for potential emergencies. We will support efforts to train and exercise emergency responders in both the public and private sectors. We will manage and coordinate efforts toward a rapid recovery from disasters with an effective disaster assistance program.

EMERGENCY MANAGEMENT – 2007 AND BEYOND

As we look into 2007 and beyond, we face threats that could cause physical, structural and economic damage of proportions never before experienced. Potential animal diseases like foot and mouth threaten our state and nation's agriculture, a multi-billion dollar industry in America. A pandemic disease could sicken hundreds of thousands of Illinois citizens - overwhelming our health care system and disrupting our economy. We are committed to effective actions to prevent some disasters and to reduce the impact of those incidents over which we have no control.

Our planning should be tied to successful accomplishment of identified program standards. This will ensure that a professional emergency management capability exists in our County. The impact of any emergency is most severe at the local level. It follows then, that the most critical phase of emergency response is the first or local response phase.

Emergency Management is based upon the essential and beneficial process of the public and private sectors working together to plan for and respond to emergencies. The important elements include planning, mitigation, recovery, lessons learned, best practices, and plan exercising. Whether it is a minor incident or major tornado that has devastated a community, the County's collective resources must unite and work to understand the process necessary to resolve the matter. For McLean County to be fully prepared to respond to a disaster, county emergency management and first responders must be fully capable, properly trained and appropriately equipped. Our services include, incident management, interoperable communications, mass casualty events, storm spotting, power & lighting, damage assessment, ground search & rescue, and water rescue/recovery.

GOALS: Investing in a Safe County – Improving McLean County’s Emergency Management.

- To insure maximum survival of citizens in the event of natural or technological emergencies/disasters.
- To insure the preparedness of the County and local governments as well as other public agencies to respond to and recover from natural or technological emergencies/disasters.
- To insure maximum survival of County residents by incorporating concepts of emergency/disaster preparedness in schools, through educational programs and public information campaigns.
- To increase public awareness concerning home safety and storm safety through a public awareness program.
- To initiate and maintain hazardous materials protection for the County through the Local Emergency Planning Committee (LEPC).

INCIDENT MANAGEMENT: At the core of any Emergency Management Agency is its expectation to manage significant incidents. McLean County EMA continues to train and build capabilities around this goal. The major component of this effort involves the creation of an Incident Management Assistance Team (IMAT). IMATs are comprised of personnel from all disciplines of public safety and serve as a coordinated team focused on the management of significant incidents. McLean County has been recognized by the State for our training, staffing, and equipping the Unified Command Post (UCP) and integrating the UCP/IMAT into local operations. McLean County EMA’s UCP manual has been adopted by the State as the training and operations manual for all jurisdictions and we are continuing to train others in our practices.

Our further goal to fulfill the Mission Statement is to take EMA to the next step in Emergency Management with educational programs and public information efforts. We will coordinate, advise and assist political subdivisions, businesses and the populace in the County regarding emergency management procedures, programs and policies.

The agencies that respond to most local incidents, whether they are Law Enforcement, Fire Protection, or Emergency Medical Services, can and do handle these incidents with great efficiency. These are referred to as Single Operational Period Incidents that are handled by a single responding agency in a timely manner usually within their normal shift hours and the resources they have on-hand. Experience has proven that when incidents involve multiple agencies, there is a critical need for integrating the management of resources into one operational organization supported by one command structure. Unified Command fulfills this critical need.

Our Incident Management Assistance Team (IMAT) is organized to provide Unified Command support to the responding agencies for the Multiple Operational Period incidents. These are the incidents that typically extend past 6 hours and may have durations of days or even weeks.

These incidents require multiple jurisdictions/agency response and may even expand into other jurisdictions crossing over boundaries or County lines.

● **Current Fleet Equipment 2007**

To provide a framework for interoperability and compatibility, we began to focus on the budget and equipment needs of the department and reviewed the current status of the fleet.

- The Mobile Command Post Vehicle and the Ford F-550 were purchased through Homeland Security Funds, and are new as of last year.
- Much of the remaining vehicle fleet is aging and requires high maintenance.
- Our power generation units also require high maintenance; most are not commercial grade.

Current Vehicles (year)

Unit 900 Unified Command Post (2005)
Unit 901 Ford F-550 (2005)
Unit 902 Military Blazer (1984)
Unit 903 Military Blazer (1984)
Unit 904 Lumina Van (1990)
Unit 905 Lighting Truck (white) (1968)
Unit 906 Lighting Truck (red) (1984)
Unit 907 Green Military Truck (1967)

Trailers

Unit 920 Boat Trailer
Unit 921 MCI 16' Trailer
Unit 922 SAR/Dive 16' Trailer
Unit 923 IMAT Trailer
Unit 924 15kw Generator Trailer
Unit 925 7kw Generator Trailer

Portable Generators

1- 5kw, & 1- 7kw

● **Recommend for 2008 budget**

- **Support Operations Truck (c. \$200,000.00)**

A new truck would replace both Units 905, & 906 with a more reliable unit to enhance EMA's operations in scene lighting, water rescue and recovery, mass casualty incident response, incident management, and ground search and rescue, educational instructions and public information programs.

● **Recommend for 2009 budget**

- **60kw Generator (\$20,000.00)**

A 60kw generator mounted on a trailer to handle larger scale incidents, also as a backup generator to critical facilities i.e. nursing homes, special needs shelters, and surge hospital planning.
