RE:

SHOW BUS - Amend the Current Intergovernmental Agreement with Ford,

Iroquois, Livingston, and Dewitt Counties

SHOW BUS would like to amend the intergovernmental agreement to provide for public transportation in DeWitt, Ford, Iroquois, Livingston and McLean Counties. SHOW BUS has for many years been a part of the Mennonite Retirement Community, Inc., a non profit corporation. SHOW BUS has grown and expanded its operation over recent years. Therefore, as of July 1, 2009 SHOW BUS will separate from the Mennonite Retirement Community and will be a stand alone entity known as SHOW BUS Public Transportation NFP.

SHOW BUS now needs to amend the intergovernmental agreement to incorporate the name change. The amendment is to change the name of the service provider from Meadows Mennonite Retirement Community, d/b/a SHOW BUS to SHOW BUS Public Transportation NFP.

I have attached a letter from SHOWBUS, a copy of the existing intergovernmental agreements, and a copy of the proposed amendment.

Laura Dick the Director of SHOW BUS and I will be present at the April 1<sup>st</sup> Finance Committee meeting to answer any questions or concerns. Please call me if I can be of further assistance.

Enclosures:

1) Current Intergovernmental Agreements, 2) Proposed Amendment to the

Intergovernmental Agreement, 3) Memo from the Director of SHOWBUS

Mr. Benjamin Owens Chair, Finance Committee, McLean County Board 115 East Washington Bloomington, IL 61701

Dear Mr. Owens:

For many years, SHOW BUS has operated as a program under Meadows Mennonite Retirement Community, Inc., a not for profit corporation. Since SHOW BUS has continued to expand services over the years, it now appears to be in the best interests of the program, Meadows Mennonite Retirement Community and the populations they serve for SHOW BUS to become a separate entity.

Therefore, as of July 1, 2009, Meadows Mennonite Retirement Community, d/b/a SHOW BUS will become SHOW BUS Public Transportation NFP.

If acceptable to all parties, the current Intergovernmental Agreement to Provide for Public Transportation in DeWitt, Ford, Iroquois, Livingston and McLean Counties will need to be amended to reflect the name change of the service provider.

I am attaching a copy of the current agreement, the two previous addenda allowing for application for funding through the Downstate Operating Assistance Program and adding DeWitt County and a sample addendum changing the name of the service provider.

I will attend any meetings and hearings you deem appropriate to discuss the new amendment, and I will arrange for delivery of the original amendment for signatures as appropriate.

Thank you so much for your ongoing support of rural public transportation, and please telephone me if you have any questions or concerns.

Sincerely,

Laura Dick

# AMENDMENT TO AN INTERGOVERNMENTAL AGREEMENT TO PROVIDE FOR PUBLIC TRANSPORTATION IN DEWITT, FORD, IROQUOIS, LIVINGSTON AND MCLEAN COUNTIES

WHEREAS, the above named Agreement stipulated that public transit service is essential to the transportation of persons in non-urbanized areas; and

WHEREAS, the Participants of the above named Agreement wish to provide public transportation for their citizens and become eligible for grants from the State of Illinois or any department or agency thereof, from any unit of local government, from the Federal government or any department or agency thereof; and

WHEREAS, the above named Agreement stipulated that any revisions to the Agreement must be agreed to by the Participants as evidenced by an addendum signed by the authorized representatives of each

#### THEREFORE BE IT RESOLVED BY THE PARTICIPANTS

- 1. That since the service provider currently named as Meadows Mennonite Retirement Community, a not-for-profit corporation d/b/a SHOW BUS, will become (effective July 1, 2009) a not-for-profit corporation SHOW BUS Public Transportation NFP that the above named Participants amend the Intergovernmental Agreement to reflect this change in the name of the service provider.
- 2. That only one original copy of this Amendment shall be signed and executed by the Participants and that any photocopies of the executed Amendment shall be deemed to be duplicate originals.

#### AN INTERGOVERNMENTAL AGREEMENT

#### TO PROVIDE FOR PUBLIC TRANSPORTATION

#### IN FORD, IROQUOIS, LIVINGSTON AND MCLEAN COUNTIES

This Agreement is entered into by and between Ford, Iroquois, Livingston and McLean Counties (hereinafter referred to as the "Participants") for the provision of public transportation in said counties.

WHEREAS, the provision of public transit service is essential to the transportation of persons in non-urbanized areas; and

WHEREAS, the Participants wish to provide public transportation for their citizens and become eligible for grants from the State of Illinois or any department or agency thereof, from any unit of local government, from the Federal government or any department or agency thereof; and

WHEREAS, it is the mutual desire of the Participants that McLean County be designated as the "Primary Participant"

#### THEREFORE BE IT RESOLVED BY THE PARTICIPANTS

ð.

- 1. That application be made by McLean County, the Primary Participant, to the Division of Public Transportation, Department of Transportation, State of Illinois, for financial assistance grants under Section 5311 of the Federal Transit Act of 1991, for the purpose of off-setting a portion of the Public Transportation Program operating deficits of the Participants.
- 2. That the McLean County Board Chairman, is hereby authorized and directed to execute and file on behalf of the Participants the grant applications named above.
- 3. That the McLean County Board Chairman is hereby authorized and directed to execute and file on behalf of the Participants all required Grant Agreements with the Illinois Department of Transportation.
- 4. That it shall be the responsibility of the Primary Participant to receive all Section 5311 funds from the Illinois Department of Transportation and disburse them to Meadows Mennonite Retirement Community, a not-for-profit corporation d/b/a SHOW BUS, the service provider under the terms and conditions of the agreement.
- 5. That the delivery of services by the service provider will be made in accordance with agreements entered into by the service provider and the Primary Participant.
- 6. That any revisions to this Agreement must be agreed to by the Participants as evidenced by an addendum signed by the authorized representative of each.

• • •

- 7. That this Agreement or any part thereof may be renegotiated where changes are required by State or Federal law, rules, regulations or court action, or when Participants agree that a new Agreement would meet their particular needs.
- 8. That this Agreement is binding upon the Participants, their successors and assigns.
- 9. That if any section, sentence, clause, phrase or portion of this Intergovernmental Agreement is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portion of this Agreement. It is hereby declared the intent of the Participants that this Agreement shall remain valid and enforceable, notwithstanding the invalidity of any part hereof.
- 10. That this Agreement will be ongoing unless a Participant chooses to withdraw from the Agreement.
- 11. That only one original copy of this Intergovernmental Agreement shall be signed and executed by Participants and that any photocopies of the executed intergovernmental Agreement shall be deemed to be duplicate originals.

John Zeunik McLean County Administrator Government Center Bloomington, Illinois 61701

Dear, John,

As you are aware from our previous conversations, I will be accepting the County's offer of early retirement as Administrator of the McLean County Nursing Home effective May 16, 2009. After serving in this position for 31 plus years, I do so with mixed emotions.

I regard myself as very fortunate to have been a part of McLean County Government and consider the County to be an exemplary employer. While, after 31 years with the County, it would appear on the surface that I have a very limited frame of reference, I am familiar with the working environment of my counterparts in other counties that have, or have had, a county nursing home. I consider McLean County second to none. From the Board, to County Administration, to other County officials, and to my fellow co-workers at the nursing home I have been very proud to be a part of McLean County Government.

Over the years I have had the privilege of working with Board Chairmen and Board members who have steadfastly supported their nursing home. Individuals have changed over time; but with every change the support was always there. I think I stand alone amongst my counterparts when I say I do not recall an instance when the Board did not support a request I made on behalf of the nursing home, its residents or staff. No less important has been the caliber of people in the County Administrator's office and the Administrative staff. Their support and management style have promoted an atmosphere that has allowed for the development of a solid and stable organizational structure at the nursing home.

While I look forward to retirement, I will greatly miss the relationships I have enjoyed with the County and the McLean County Nursing Home. I am confident, however, that the citizens of McLean County will continue to be well served by both.

Sincerely,

Donald Lee

# McLean County Auditor's Office Personnel Audit of the McLean County Highway Department August 2008

A Personnel Audit was conducted by the Auditor's Office during the month of August 2008. The audit was conducted to ensure that individuals listed as County employees in the payroll system are actual people. One hundred percent (100%) of the Highway Payroll was selected for testing. Each individual was asked to show a photo id to a representative of the Auditor's Office. A reason for the absence of individuals not available on the first day of testing was noted. Follow-up visits were done to verify each employee.

After all employees had been verified, or noted as a terminated employee, verification of reason noted was compared to the employee's timecard for the pay period(s) tested. Our findings are listed below.

#### Findings:

- 1. Ten of the forty-three employees were summer help and had been terminated by the end of August. Their termination was verified through the payroll system. No exceptions noted.
- 2. On an employee's timecard, the employee was recording overtime on each and every day of the week. Per County Policy, "all overtime must be authorized by the Department Head in advance of being worked"., McLean County Policy and Procedures rule 10.55-9.
  - a. Management Response: The County Engineer took immediate action to change this prior practice. The employee has had their hours changed and no longer receives ½ an hour of overtime per day automatically.
- 3. On the same employee's timecard (non-union employee), the Auditor's office noted that the employee was paid for ½ hour of overtime, worked 4½ hours, then took 3 hours of sick time. The appropriate payment should have been: 5 hours of regular pay and 2½ hours of sick time. The employee is a 7½ hour a day employee.
  - a. Management Response: The County Engineer addressed this with the employee and it will not happen again.
- 4. In the five (5) timecards that were tested, we did not see any supervisor authorization. On two of the timecards, the employee signature was a computer signature and on another, it was clearly not the employee's authentic signature. Per County policy, "all County departments shall use internal timecards providing for the recording of all categories of time and requiring signature by the employee and the supervisor"...McLean County Policy and Procedures rule 10.58-1.
  - a. Management Response: The County Engineer agreed that all employees should be signing their timecards and that there should be management oversight. It was decided to have the Assistant County Engineer review the timecards for the office staff, engineering staff, and the two foremen. The head foremen will be reviewing the maintenance staff's timecards. The County Engineer will review the Assistant County Engineer's timecard.
  - b. Auditor Follow-up: To verify that the new procedure had been implemented the Auditor's Office did subsequent testing in September, 2008. Ten employee timecards were tested. In all ten instances, the proper member of management initialed the timecard to indicate their review. In one instance, the employee still is using a computer signature. The Assistant County Engineer said he would address that with the employee.

- 5. During my initial testing, an employee that was absent was noted to be on vacation. The employee's timecard was reviewed and there was no vacation (or other benefit time) taken on their timecard.
  - a. Management Response: The employee is an exempt employee. The County Engineer agrees to adhere to all federal and state requirements regarding time records for exempt employees.
- 6. Finally, on an employee's timecard, the employee was paid for overtime and took benefit time in the same week. It is the Auditor's Office position that overtime should be calculated on a weekly basis. Employees should not be allowed to be paid for overtime and benefit time in the same week. For instance, the employee was paid overtime on two separate days of the week, then, took 8 hours of comp time to have Friday off. The employee only worked 32 hours that week; overtime should not start until the employee reaches 40 hours (or 37.5 for some departments). The Union Contract also states that "Overtime shall not apply to an employee who calls in sick, or is otherwise on leave, reports to work later in the same day, and does not actually work beyond the full eight (8) hours that day. In such case, paid leave time shall be adjusted to reflect an eight (8) hour day." Source: AFSCME Local 537 Labor Agreement with the McLean County Board, effective January 1, 2008-December 31, 2010, page 16, article 11 "Overtime", section 1, "Overtime Pay".
  - a. Management Response: The same section of the current contract also specifies that "Any employee required to work more than eight (8) hours per day shall be paid at the rate of one and one-half (1-1/2) times the employee's straight time hourly rate for time over eight (8) hours worked in the same day." If an employee who is contacted and asked to return from paid leave to assist in an emergency were to be paid straight time when all other employees were receiving premium time, it would be unlikely that any employees on leave would ever respond to emergency requests to work additional hours. We will make every effort to clarify the relevant language during our next contract negotiation.

#### Recommendations:

1. The Auditor's Office recommends that the Highway Department continue with the changes implemented over timecard authorization, exempt employees unofficial comp time, and preauthorization of overtime for the office staff.

#### McLean County Auditor's Office Personnel Audit of the McLean County Health Department September 2008

A Personnel Audit was conducted by the Auditor's Office during the month of September, 2008. The audit was conducted to ensure that individuals listed as County employees in the payroll system are actual people. Eighty-eight percent (88%) of the Health Department's Payroll was selected for testing. Each individual was asked to show a photo id to a representative of the Auditor's Office. A reason for the absence of individuals not available on the first day of testing was noted. Follow-up visits were done to verify each employee.

After all employees had been verified, verification of reason noted was compared to the employee's timecard for the pay period(s) tested. Our findings are listed below.

#### Findings:

1. Per County policy, "all County departments shall use internal timecards providing for the recording of all categories of time and requiring signature by the employee and the supervisor"...McLean County Policy and Procedures rule 10.58-1. The Animal Control division of the Health Department has a remote location and generally prints the payroll document to the Admin Support Supervisor's office printer. The Admin Support Supervisor prepares the payroll for the Health Department. Since the document is being printed from a remote location to the Health Department building, it does not have the Animal Control Director's, or the employee's signature. The rest of the Health Department employees have supervisor signatures on their timecards and time off request forms.

#### Recommendations:

1. We would recommend that the Animal Control Director print the payroll report in her office, sign it, have the employee's sign it, and fax a copy to the Admin Support Supervisor.

#### McLean County Health Department Management Response to Personnel Audit September, 2008

Based upon the recommendation of the McLean County Auditor regarding payroll verification and authorization for the McLean County Animal Control Program, the following revised payroll protocol has been implemented effective with the payroll covering the period March 15 through March 28, 2009:

#### Revised Payroll Protocol for Animal Control:

The Animal Control Program of the Health Department is located at a separate remote site from the Health Department. Payroll for Animal Control employees is prepared by the Program Manager and submitted to the Administrative Support Supervisor at the Health Department for inclusion with overall Health Department payroll submission. Effective immediately support documentation entitled Hourly Employee Time Sheet (attachment A) which includes the date, hours worked, program designation and signatures of both the employee and supervisor will be submitted along with the County payroll report (attachment D). In addition, employee payroll report forms for compensatory/overtime (attachment B) and time-off requests (attachment C) will be submitted for each payroll including the signature of both the employee and supervisor.

Implementation of these documentation requirements will now position the Animal Control Program's payroll to mirror the Health Departments payroll documentation.

#### McLean County Auditor's Office Personnel Audit of the McLean County Sheriff's Office November 2008

A Personnel Audit was conducted by the Auditor's Office during the month of November, 2008. The audit was conducted to ensure that individuals listed as County employees in the payroll system are actual people. Ninety-six percent (96%) of the Sheriff's Office Payroll was selected for testing. Each individual was asked to show a photo id to a representative of the Auditor's Office. A reason for the absence of individuals not available on the first day of testing was noted. Follow-up visits were done to verify each employee.

After all employees had been verified, verification of reason noted was compared to the employee's timecard for the pay period(s) tested. Our findings are listed below.

#### **Findings:**

- 1. Per County policy, "all County departments shall use internal timecards providing for the recording of all categories of time and requiring signature by the employee and the supervisor"...McLean County Policy and Procedures rule 10.58-1.

  During our testing, if an employee was not available for me to physically meet, I asked the reason for their absence and noted it. Upon completion of my testing, I requested copies of timecards for nine employees to verify that the reason noted was reflected in their timecards. I received payroll summaries from the Sheriff's Office, not timecards. Since there are no timecards, they are not able to be reviewed by a supervisor nor are the employees signing anything indicating when they are or are not working.
  - a. Management Response: "...this office is in the process of implementing the use of time sheets that the Auditor's Office is requesting we use. All employees and the supervisors will be putting original signatures on the sheets when they are turned in for payroll."
- 2. The Sheriff provided "time taken" and "overtime slips" for the patrol staff included in the nine above. It was found that a Sergeant was signing as both the employee and supervisor for his time off and overtime worked.
  - a. Management Response: "...the Sergeants have now been instructed to turn in all of their payroll slips to the appropriate commander to be approved by signature."
- 3. During testing, an employee was noted as being "off" on Thursday, November 13, 2008. As with everyone else, we requested a copy of the employee's timecard. No benefit time was used for her to be "off" on Thursday, November 13, 2008.
  - a. Management Response: "...it is true that the employee was off on November 13, 2008, but, her timecard did not reflect that. The employee worked on November 11, 2008, Veterans Day, a holiday she should have been off work. She came to work the next day, a Tuesday, which is a commissary day, and a regular work day. She then took off Wednesday, November 13, 2008, in order to correct her weekly time. She failed to correct the timecard apparently by mistake, but the total hours worked that week were correct. Her supervisor is aware of this mistake."

b. NOTE: The holiday, November 11, was on a Tuesday and the day that the employee was off per testing was Thursday, November 13, not Wednesday, November 13<sup>th</sup>. During 2008, November 13<sup>th</sup> fell on a Thursday.

#### McLean County Auditor's Office Personnel Audit of the McLean County State's Attorney's Office September 2008

A Personnel Audit was conducted by the Auditor's Office during the month of September, 2008. The audit was conducted to ensure that individuals listed as County employees in the payroll system are actual people. One hundred percent (100%) of the States Attorney's Office Payroll was selected for testing. Each individual was asked to show a photo id to a representative of the Auditor's Office. A reason for the absence of individuals not available on the first day of testing was noted. Follow-up visits were done to verify each employee.

After all employees had been verified, verification of reason noted was compared to the employee's timecard for the pay period(s) tested. Our findings are listed below.

#### Findings:

- 1. Per County policy, "all County departments shall use internal timecards providing for the recording of all categories of time and requiring signature by the employee and the supervisor"...McLean County Policy and Procedures rule 10.58-1. During our testing, if an employee was not available for me to physically meet, I asked the reason for their absence and noted it. Upon completion of my testing, I requested copies of timecards for three employees to verify that the reason noted was reflected in their timecards. I received attendance records from the State's Attorney's Office, not timecards. Since there are no timecards, they are not able to be reviewed by a supervisor nor are the employees signing anything indicating when they are or are not working.
  - a. Management Response: Under the current system, employees call or email the office manager with the time they are going to be out and how they want that time off designated. She records it by pay period in a stenographer's notebook. At the end of the pay period, the office manager compiles all the notes from the steno notebook by person and transfers that time to each individual employee's annual timesheet. The timesheets are filed in the personnel files at the end of each fiscal year. No member of management was signing a timecard. State's Attorney Bill Yoder does sign and review the bi-weekly payroll report sent to the Treasurer's Office. Prior to the newly implemented system (details below), employees were not required to sign anything.

The County policy calls for an internal timecard requiring signature by the employee and the supervisor.

In order to be in compliance with that policy, the SAO has devised an annual timecard to be kept by each support staff (non-professional staff) member. The office manager will continue to record time as it is given to her and transfer those notations to the employees' timesheets. However, in addition, at the end of each pay period, each non-professional employee will complete and sign the appropriate section on their timecard and turn it in to the office manager. The office manager will compare their timecard

- to her notes, talk with the employee to reconcile any discrepancies, sign the timecard for that pay period, and return (a copy of) the timecard to the employee.
- b. Auditor Follow-up: To verify that the new procedure had been implemented the Auditor's Office did subsequent testing in March, 2009. Six nonprofessional employee timecards were tested. In five instances, the proper member of management initialed the timecard to indicate their review. In one instance, the employee timecard had only the employee's signature, not the supervisors. The Office Manager said that she will be more diligent about it in the future.
- 2. Per McLean County Policies and Procedures 10.46-1, "Personal time leave is granted for discretionary purposes to every full-time County employee in the amount of two (2) days at the beginning of each year". During testing, it was determined that a part-time employee was receiving personal time.
  - a. Management Response: Many years ago, it was decided to give our parttime staff informal, pro-rated personal time (which was 1 day for a .5 FTE position). Both part time employees continue to get that 1 personal day each calendar year as an internal "perk".
- 3. Per McLean County Policies and Procedures 10.46-2, "It is not permissible to carry over unused personal leave from one (1) fiscal year to another, therefore, unused personal time shall expire at the end of the fiscal year." On an employee's attendance record, it showed that they had carried forward ½ day of personal time.
  - a. Management Response: The employee had 3.75 hours of 2007 personal time left, which was used on January 2, 2008. I thought that carrying personal time over into the first pay period of the new year was an acceptable policy. I mark the time as (for example) "2007 time" so that payroll knows how to deduct it. After that first pay period of the new fiscal year, turning in the previous year's personal time is not accepted.
  - b. Auditor Response: After consultation the payroll clerk, personal time is intended to be used in the year it was earned. Therefore, 2007 personal time must be used between January 1, 2007 and December 31, 2007.
- 4. During testing, an employee was noted as being out of the office ill. Her attendance record reflects 7.5 hours of sick time, however, the payroll system shows her using 7.5 hours of vacation time.
  - a. Management Response: This was simply a coding error. The employee used a sick day (code 155) on September 24; the office manager coded it on the timesheet as a vacation day (code 150). She caught it when she reconciled the accrual hours report that we get each pay period to my book. The office manager told the employee what had happened and I indicated to her that I would simply correct my error the next time she takes a vacation day by reporting it as a sick day. I should have asked the payroll clerk if it was possible to make a correction to the payroll record, but this method just seemed easier to me.
  - b. Auditor Response: After discussing this with the payroll clerk, the preferred method would be for the supervisor or department head to notify her of the error and it would be corrected on the next payroll.

#### Recommendations:

- 1. The Auditor's Office recommends that the States Attorney's Office continue with the changes implemented over timecards.
- 2. We also recommend adhering to McLean County Policies and Procedures, or, provide a list of variances to the County Administrator's Office during the annual budget meetings, as encouraged in Chapter 10 of the County Ordinance.
- 3. We further recommend that employees be required to use their personal time during the fiscal year in which it is intended.
- 4. Finally, it is recommended that changes to benefit time be immediately communicated to the payroll clerk for correction in the payroll system.

#### A RESOLUTION OF THE McLEAN COUNTY BOARD SETTING FORTH SPECIFIC RECOMMENDATIONS FOR THE FISCAL YEAR 2009 GENERAL FUND ANNUAL APPROPRIATION AND BUDGET ORDINANCE

WHEREAS, pursuant to Chapter 55, *Illinois Compiled Statutes* (2006), Paragraph 5/6-1002, the County Board of the County of McLean, Illinois, has considered and determined the amount of monies estimated and deemed necessary to meet and defray all legal liabilities and necessary expenditures to be incurred by and against the County of McLean for the 2009 Fiscal Year beginning January 1, 2009 and ending December 31, 2009, and has further listed and specified the several detailed statements of budgeted itemized County expenditures; and

WHEREAS, reductions in revenue received from the State of Illinois for sales and use tax, income tax and personal property tax replacement have caused Fiscal Year 2009 General Fund revenue to decline by \$314,384.00 after the first three months of Fiscal Year 2009; and

WHEREAS, it is necessary and prudent to set forth specific recommendations for the Fiscal Year 2009 General Fund Annual Appropriation and Budget Ordinance to reflect these circumstances; now, therefore,

**BE IT RESOLVED** by the McLean County Board, now meeting in regular session that the following recommendations for the Fiscal Year 2009 General Fund Annual Appropriation and Budget are hereby approved and adopted:

- (1) The REVISED Fiscal Year 2009 Annual Appropriation and Budget expenditure ceiling for the County offices and departments in the General Fund is hereby set at \$31,884,028.00, as listed on the attached Exhibit #1, which is hereby incorporated and made a part of this Resolution. All Expenditure accounts will be reviewed and all General Fund departments and offices will cooperate with the County Administrator to achieve a targeted spending reduction of at least \$500,000.00.
- (2) For the balance of the fiscal year, all requests to fill Open Positions that become vacant in the County offices and departments in the General Fund shall be reviewed by the County Administrator prior to being filled. The County Administrator will take all necessary steps to manage General Fund salary attrition in order to reach a target savings of \$300,000.00 less than budgeted amounts.
- (3) In order to maintain an adequate Fund Balance, non-essential capital projects that have been encumbered and carried forward from Fiscal Year 2008 will be cancelled and the encumbered funds will be restored to the Fund Balance of the General Fund, except in cases where contractual commitments or emergency needs are deemed by the County Administrator to outweigh the benefits of reversing such encumbrances. The County Administrator will target \$300,000.00 in restorations to the Fund Balance.
- (4) General Fund Revenue accounts will be reviewed in light of current economic circumstances, and reduced or increased as appropriate. The County Administrator will identify \$150,000.00 in specific General Fund revenue increases.

- (5) County offices and departments in the General Fund are hereby directed to prepare REVISED Fiscal Year 2009 departmental budgets in accordance with the provisions of this Resolution and to submit this REVISED Fiscal Year 2009 departmental budget to the County Administrator's Office on or before April 30, 2009.
- (6) The County Administrator is hereby directed to prepare an AMENDED Fiscal Year 2009 Annual Appropriation and Budget Ordinance for the General Fund for presentation and review by the Finance Committee and Executive Committee during the monthly Committee meeting cycle in May, 2009.
- (7) The County Clerk is hereby directed to forward a certified copy of this Resolution to the County Auditor, County Treasurer, and County Administrator.

ADOPTED by the County Board of the County of McLean, Illinois, this 21st day of April, 2009.

ATTEST:	ADOPTED:	
Peggy Ann Milton, Clerk of the County Board, McLean County, Illinois	Matt Sorensen, Chairman McLean County Board
