Re: Children's Waiting Room

At your January Justice Committee meeting, members asked why there was such a significant increase in the funding request, what additional material could be provided to support the 20 percent funding increase, and what would happen if the request is not approved.

Lisa Pieper, Regional vice President, Children's Home + Aid Children's Foundation, prepared the attached narrative explanation to provide background and statistics in support of the request. In summary, the current County funding for this program makes up slightly less than one-half of the total program costs. Trust fund revenue and other charitable donations used to support the other half of the Children's Waiting Room budget have both declined significantly due to market losses.

The \$5.00 fee for the Children's Waiting Room is deposited into a fund that is restricted by statute for the sole purpose of supporting the Waiting Room program. Since we started collecting the fee in August of 2006 and didn't begin the contract with the Children's Foundation until January of 2007, and since FY 2007 and FY 2008 revenue exceeded expenses, the fund balance in the Children's Waiting Room Fund is currently \$48,136.00.

Also attached are tables showing the average monthly usage of the Waiting Room, which has significantly exceeded original projections. It should be noted that the number of staff hours follows the number of children, i.e., when there are fewer children, staffing levels and hours are decreased to hold costs at a minimum.

The consequences of not providing a contract increase would be that the number of children admitted to the Waiting Room would need to be limited and the hours of operation might need to be curtailed.

THE CHILDREN'S ROOM SERVICE SUMMARY

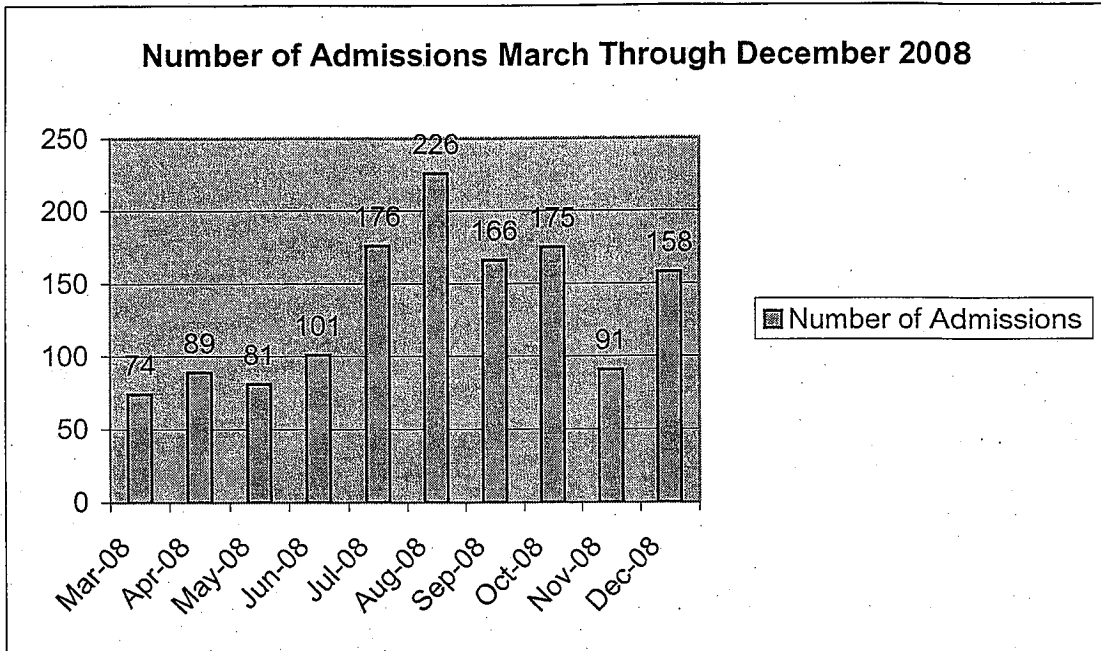

The Children's Room opened in February of 2008, after years of planning and collaboration between the local judiciary, several McLean County Bar members, and staff at Children's Home + Aid Children's Foundation (CHA). During the renovation process, McLean County government staff worked with agency staff to create a model space designed to serve as a Children's Waiting Room. During the completion of the construction/renovation, CHA staff wrote grants and worked with community leaders to obtain funding to outfit the room with needed supplies, furniture and equipment.

This partnership between McLean County and CHA has proven beneficial to everyone involved. During the Children's Room's first year of operation, we have seen significant census growth, and daily usage twice as high as our original projections for this program. Usage spiked in August of 2008, with 226 children served during that month, or an average of more than 10 children using the room every day. Average monthly admissions for the 1st half of calendar year 2008 were 104, with the second half of the year seeing a 63% increase in average usage for a monthly average of 163 admissions.

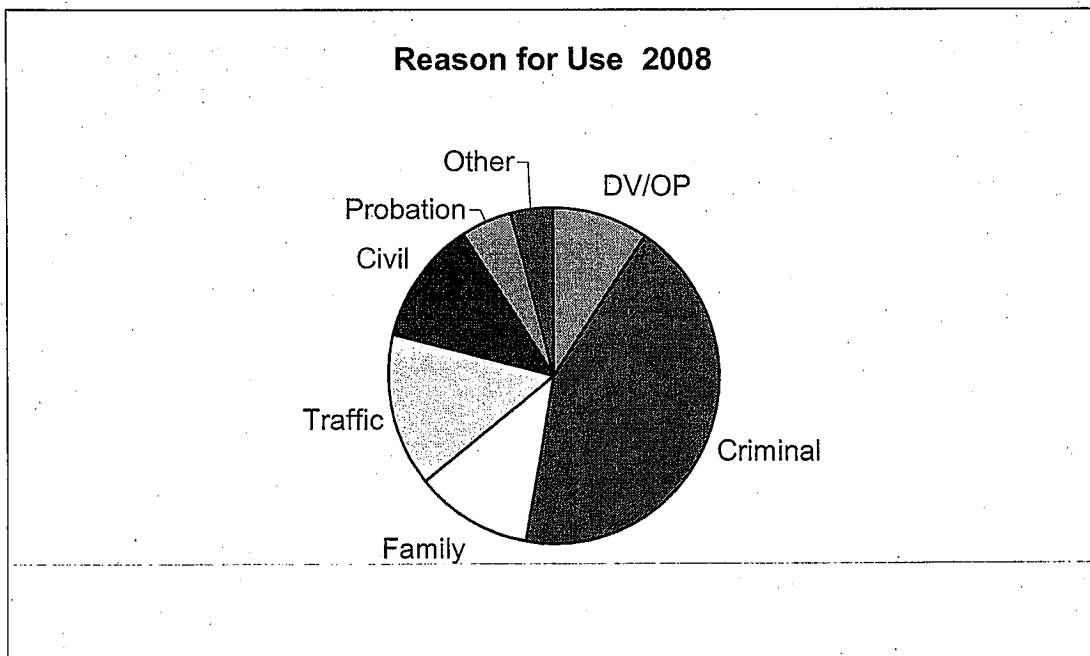

CHA operates its programs on a July 1 to June 30th fiscal year. Our current fiscal year, FY09, began on July 1, 2008 and will end on June 30th, 2009. During this time period, the overall revenue budgeted for The Children's Room was \$67,500. The McLean County filing fee revenue was budgeted for the fiscal year at \$33,000, or 48% of the total overall revenue. As of 12/31/08, CHA has billed the county for \$16,500 of this amount for 2 quarters of services. Other revenue sources included \$15,500 from our Scott Trust fund, \$15,000 in general charitable donations, and \$4,000 in special event fundraising. In effect CHA was thus assuming responsibility for providing 52% of the revenue necessary to fund The Children's Room.

Several unforeseen events have occurred since our FY09 budgets were planned and approved by our Board of Directors more than six months ago. The value of our Scott Trust fund has decreased dramatically, thus impacting the revenue available to help fund agency programs. The fiscal climate in which we work to raise charitable dollars has shifted significantly. Many of our donors are facing much reduced charitable giving capacity, and we are very unlikely to meet our regional fundraising goal, thus impacting The Children's Room, as well as our other programs that rely heavily on charitable funding, such as the Crisis Nursery, Healthy Start, and our Scott Early Learning Center. Lastly, due to a dismal Illinois economy overall, our State governmental support for most of our programs has been reduced, and may well face additional reductions before the end of the current fiscal year. The request for additional funding in the amount of \$4,800 will be used in The Children's Room to cover operating expenses we are incurring that can no longer be covered by other charitable sources.

Memo to: The Honorable Chairman and Members of the Justice Committee
McLean County Board

From: 
Curtis Hawk

Re: Summary of Changes to the 2009 Emergency Operations Plan.

McLean County's Emergency Operations Plan has undergone many changes over several years as our agency has grown to embrace the newest technology and guidance from the U.S. Department of Homeland Security.

The following summaries of changes to the plan are outlined below.

- ❖ Initial changes included the maintenance upkeep of the Operations Plan to include name and title changes of responders, agencies and locations (i.e. New Sheriff, Agencies Directors, phone numbers, addresses, Staff changes and/or responsibilities.
- ❖ **Standardization** of our core set of concepts, principles, and terminology to assist in local agencies, responders and private entities at all levels that we can work together to manage incidents, regardless of their cause, size, location, or complexity.
- ❖ **Mutual agreements and standardized organizational structures** – such as the Incident Command System (ICS) and Unified Command (UC) these have improved our interoperability among jurisdictions and disciplines including our improved training, resource management, communications and preparedness planning.
- ❖ **In the Basic Plan section:** Procedures detailing how the County will request outside assistance in a disaster, such as assistance from other EMA's the State IEMA or both.
- ❖ **Public Information section:** Designated a facility as the Joint Public Information Center to coordinate emergency public information with responding agencies as well as the State EOC creating a single source of information released to the public.

- ❖ **Damage Assessment:** assigning specific tasks and responsibilities to a team to quickly coordinate damage assessment activities following a major disaster providing timely information to the public of shelters, damage to utilities, determining unsafe structures, and repair information.

- ❖ **Additional New Annexes:** from “Lessons Learned” we have reviewed our areas of planning in Evacuations and Human Services. Here we are adding an annex covering Special Needs Populations and sheltering needs of those with pets that may not want to evacuate until the needs of their pets are met. This led us to develop the beginnings of the Cat and Dog Shelter Plan. This plan although not complete gives a base plan to build on in the event of needs to shelter small animals resulting from a disaster.

I have included the changes and page markups on a CD for your review. These are in a standard MS Word format. Should you have any questions or would like to discuss the revisions please feel free to contact me.

Thank you.

Dear Sheriff Emery,

On behalf of the Olympia CUSD No. 16, I am pleased to provide you with several copies of a semi annual district newsletter.

The newsletter is designed to provide information about the current “happenings” in the school district and provide an overview of the educational opportunities as well as improved safety enhancements.

We feel the addition of the OHMS School Resource Officer has been a “huge step” improving security for both our students and our staff. This January edition includes a featured article on the SRO, Jayson Kessinger, of the McLean County Sheriff’s department. We thought your department may enjoy seeing the article.

These newsletters were sent to every household in the Olympia district.

Please feel free to share the document as you deem appropriate and photocopy as needed.

GRAND JURY INSPECTION REPORT

On December 10, 2008 the Grand Jury of McLean County, pursuant to statute, inspected the McLean County Jail. The Grand Jury made the following observations.

1. Security: The Grand Jury was very impressed with the control room (the room with all the monitors.) We also agree with the work release changes that were made to improve security and reduce contraband.
2. Sanitation and Cleanliness: The Grand Jury was satisfied with the overall cleanliness of the jail including the hallways and individual cells. There was some concern expressed with the room which is used to restrain violent prisoners. There was a question of cleanliness and odor.
3. Kitchen and food handling: It was the observation of the Grand Jury that the kitchen area was clean and well kept. The cook was very informative and knew her job well.
4. Recreational Facilities, Library and Programs: The indoor and outdoor recreational facilities seemed appropriate and more than adequate.
5. Safety: The McLean County jail appeared safe and the design of the structure allowed for the prisoners to be easily moved and/or restricted by closing off areas. The pods seem to provide an incentive for inmates to behave in order to remain in the pod. The booking area seemed to be adequate and efficient with the electronic finger print machine.
6. General Maintenance: The Grand Jury found the facility to be in good condition with continuing work in progress.
7. Space: The information provided indicated that the jail was at full capacity which was a concern because of the expense of housing prisoners at other facilities at a cost of \$50-\$60 dollars a day. Medical facilities seemed adequate and the staff was very informative and seemed aware of the need to control expenses in the department.
8. Staffing: The Grand Jury was satisfied with the overall appearance and competence of the jail staff.
9. General observations and summary: The Grand Jury was satisfied with the overall cleanliness of the facility. The jail officer who conducted our tour was very knowledgeable of the day to day operations of the jail. We appreciated the time spent explaining all the facets of what happens in our county jail.
