Memo to: The Honorable Chairman and Members of the Finance Committee

From: John M. Zeunik 

Re: Reorganization of Staff in the County Auditor's Office

The County Auditor has met with the Administrator's Office to discuss a reorganization of staff in her office. The proposed reorganization is timely because the following positions are currently vacant in the office:

- 1.0 FTE Accounting Specialist II at Grade 07 (vacant as of 4/13/07)
- 0.53 FTE Office Support Specialist I at Grade 04 (vacant as of 4/30/07)

During the completion of the FY'2006 audit, the need to upgrade the professional capability of staff in the Auditor's Office became apparent to the County Auditor and to Clifton Gunderson, the County's outside auditor. As noted in Finding 2006-01 in the Single Audit Report, "In an ideal control setting, the County would have personnel possessing a thorough understanding of applicable generally accepted accounting principles staying abreast of recent accounting developments. Such personnel would perform a comprehensive review procedure to ensure that in the preparation of the annual financial statements that such statements, including disclosures, are complete and accurate."

In the last four years, the Governmental Accounting Standards Board ("GASB") has imposed additional financial reporting standards on local government. Beginning with the FY'2003 Comprehensive Annual Financial Report, the County was required to meet the GASB 34 reporting standard. With the FY'2006 Comprehensive Annual Financial Report, the County was required to meet the GASB 44 reporting standard. When the FY'2007 Comprehensive Annual Financial Report is prepared next year, the County will be required to meet the GASB 43 reporting standard. In the FY'2008 Comprehensive Annual Financial Report, the County will be required to meet the GASB 45 reporting standard. The additional reporting requirements imposed on County government by each GASB standard requires more knowledgeable and more experienced financial staff.

The Honorable Chairman and Members of the Finance Committee
July 5, 2007
Page Two

The current organization of the staff in the Auditor's Office does not include a professional position that has the necessary education and experience to handle the financial reporting duties related to the preparation of the Comprehensive Annual Financial Report, Single Audit Report, and the new reporting requirements imposed by the GASB. To address this need in the Auditor's Office and to respond to Finding 2006-01 in the Single Audit Report – December 31, 2006, we respectfully recommend that a new position classification of Financial Reporting Specialist be created at a salary grade 10. With the current vacant positions in the Auditor's Office, we respectfully recommend the following reorganization of FTE positions within the office:

Delete 1.0 FTE Accounting Specialist II at grade 07

Add 0.42 FTE Financial Reporting Specialist at grade 10

For your information and review, the job description for this position and a summary of the fiscal impact of this change in the current fiscal year and in fiscal year 2008 is attached.

The part-time position of Office Support Specialist I at grade 04 was previously responsible for the centralized office supply storeroom and the sorting and distribution of telephone invoices to County offices and departments. The Auditor's Office has determined that the reduced cost per item and efficiency of a centralized office supply storeroom has been replaced by the large, discount office supply retailers that accept orders via phone and internet, guarantee same day or next day delivery, and offer significantly lower prices than the County could obtain by maintaining a central office supply storeroom.

With the proposed creation of a Financial Reporting Specialist position, the Auditor has requested that the part-time Office Support Specialist I position be changed to a part-time Accounting Specialist II position. This change would permit this position to assume some of the accounts payable processing workload in the office. With the current vacant positions in the Auditor's Office, we respectfully recommend the following reorganization of FTE positions within the office:

Delete 0.53 FTE Office Support Specialist I at grade 04

Add 0.22 FTE Accounting Specialist I at grade 07

For your information and review, a summary of the fiscal impact of this change in the current fiscal year and in fiscal year 2008 is attached.

The Honorable Chairman and Members of the Finance Committee
July 5, 2007
Page Three

As noted in the attached fiscal analysis, the proposed reorganization of staff positions in the County Auditor's Office will have no fiscal impact on the FY'2007 Adopted Budget. Therefore, the action requested of the Finance Committee is to recommend approval of the Resolution Amending the Fiscal Year 2007 Full-Time Equivalent Positions Resolution.

If you have any questions about this recommendation, please call County Auditor Jackie Dozier at 888-5151 or myself at 888-5110.

Thank you.

Explanations

MCLEAN COUNTY

FENCE ERECTOR - See Ironworkers.

IRONWORKERS (EAST) - That part of the county East of a diagonal line from Heyworth to a point half way between Chenoa and Weston.

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial/Decoration Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day, Christmas Day. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration such as the day after Thanksgiving for Veterans Day. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.

RE: Establishment of the 2007 Guardian Ad Litem Contract for Services,
Request for Extension of Contract from FY 2007- FY 2009.

Beginning in the late fall of 2000, the Circuit Court embarked on an ambitious project to provide additional services to the Juvenile Abuse and Neglect Court. For years, the juvenile court appeal rate (the percentage of appeals arising from termination of parental rights orders) are exceeded any other division within the Court. The combined cost of those appeals approached \$98,700 in FY 1999, and exceeded \$138,000 in FY 2000. Outside of the costs, the continuing appeals led to great problems for the juvenile court system due to the lack of permanency in the Trial Court's orders.

Following discussions with the Juvenile Court Judge, Assistant State's Attorneys, Social Workers and advocacy groups for parents in juvenile court, the Court determined the most efficient manner to reduce the appellate rate would be to provide additional legal assistance through a Guardian Ad Litem during the case. The Guardian Ad Litem (GAL) would bridge the gap between the roles of the prosecutor and public defender providing the Court perspectives on the best interests of the family and child.

The program is considered a successful model of juvenile prosecution methods in the State of Illinois. The appellate rate has returned to a normal level from a historical perspective and the only expenses are for the contract for the GAL and the occasional case where there are numerous parties or conflicts where the Public Defender's office cannot represent the parties.

The contract amount for the GAL position has remained constant since FY 2001. The contract amount has been set at \$60,000. Since that time, the average number of juvenile case filings has increased at a rate of 18% since 2002, and in 2006, the caseload was 88.6% higher than in 2001. The caseload for 2007 is projected to be slightly higher than 2006 and will represent approximately a 90% increase in case filings since 2001. The GAL is responsible for all of the increased number of cases.

The Circuit Court is requesting to establish a contract for services for the period of July 1, 2007 to December 31, 2009 that reflects both the increases in the cost-of-living and increase in the caseload for the period of 2001-2007.

Judge Donald Bernardi and I will be present at the July 2nd meeting to answer any questions you may have regarding this matter.
